A team of 12 supporters, led by Jonathan Hunt, succeeded in climbing mount Kilimanjaro in February. They have raised some GBP 20,000 to support the work of The Nasio Trust. Particularly in view was the need to raise the GBP 30,000 to build the second Day Care Centre.

Nancy Hunt writes: "Thank you all so much for the support you gave me prior to the climb. It was the toughest physical and mental challenge I have ever experienced so far in my life. All well worth it. The great news is I got to the top! How only God knows. I would like to thank all those who have sponsored me - so far I have raised nearly £2600 for the Nasio Trust."
